Dear Mr. O'Donnell,

Thank you for your April 20, 2009 e-mail letter, informing us that the horse will receive treatment from a veterinarian, and thanks also for the copy of the veterinarian's report sent to us on April 21, 2009 by Kathleen Tanna.

Today, we received an e-mail from Manuel G. Himenes Jr., DVM, of the Oahu Equine Veterinary Clinic. Dr. Himenes described the physical condition of the horse, and we are satisfied that the horse has received the necessary medical attention.

Thank you for your kind response. We appreciate you taking care of the horse. Please let us know if we can be of help to you in the future.

Sincerely,

Pamela Davis
